Start:

Why not  
pop along  
and help a  
great cause  
which aims  
to diagnose  
cancers  
faster

“20-20 Voice” Cancer are the only charity dedicated to providing the ‘up to the minute’ diagnostic equipment needed to reach those ‘dark places’ where the human eye cannot see. The “Flexi-Video-Rhinolaryngoscope” will espy all that is lurking in throats/larynx and the “Biopsy Grabber” will snip the tiniest sample of tissue for sampling/testing. We are bringing diagnostics forward by as much as fifteen months which gives patients not only a fabulous chance of survival but a chance of retaining their current voice.

What would **YOU** do without **YOUR** voice?
