**Nov: 2017**

Hi all,

Magical night at the fabulous **Chef & Spice** on Sept 26<sup>th</sup> where we found 66 of our supporters filling their happy faces for, as usual, the food was absolutely superb! Representations from **NICHE Magazine**, our **Printers**, **Kinmonth Ward**, **ENT** & **Willie Thorne** supporters (inc Joe Jogia) + family & friends made up the numbers. **Mary V** won the table for two at Leicester's **Le Bistrot Pierre** & the 3-tier wine-rack (+wine) went to our 'non-drinker'! A great night yet again, raising £795.53p – massive thank you to you all! 🤗

Now here's a nice way to accumulate funds for simply going on holiday! Book any holiday

with '**Hoseasons**', through  **easyfundraising** feel good shopping [here](#) and collect the bonuses – simples!

Your recent donations for "20-20Voice" Cancer have been confirmed: **Hoseasons** 25/09 **£16.03**

\*\*\*\*\*

We have had a request in from the Kinmonth Ward for a special type of monitor that will give the nurses all the info they need from a patient, especially one that has returned from surgery to the ward; ie, laryngectomees etc. We have been in touch with '**Philips**' and they are arranging for a representative to visit the ward to discuss the details of type & costs etc.

**PHILIPS**  
Healthcare

\*\*\*\*\*

**Bombshell news folks!** I have just received this email: Oct 1<sup>st</sup>:2018. Hi Phil as from 1st Jan 2018 you will be the stations charity for 12 mth, it will be on the Web page along with a donations button. When you look on [our website](#) front page you will clearly see [wiganfm radio](#) proudly displayed. Now who needs the corrupted **PofB** awards when we have friends like this? 🤗

Nice 'pick-up' from **Andys Fish Bar (Sth Wigston)** as we collected a very nice **£24.91** \*\*\*

**Macmillan** news folks – and it's all good! Training and trials continue apace with the project, of which we are extremely proud to be associated with: EARLY DIAGNOSIS 🤗. A "**One-Stop-Shop**" has been created where needy patients are immediately sent for ultrasound & biopsy (this will be refined further when our Dr's are fully trained up). Five (5) patients were sent and four (4) returned **CLEAR** – the fifth patient being immediately

referred to ENT Consultant. Our sympathies lay with No5 obviously but firstly you have to think of the stress & emotional turmoil **NOT** gone through by patients 1,2,3 & 4. They know, within a very short time that they are clear – the worry is over! As for No5, well, think positively because No5 has now reached an ENT Consultant long before what would have previously been expected timewise. So far good folks and it can only get better!

Well done JJ from Wokingham who banked another £14 from her tub in Wokingham

As per our plan, set out with the Trustees last year, we have now contacted more than 100 **local dentists** with regard to a seminar we have planned for Wednesday 24<sup>th</sup> January, 2018. We have a ‘Star studded line up’ for the event which includes ENT consultants, dental experts & a cancer expert. We will also have the pleasure of Caroline Penn, our friendly chief co-ordinator of the ‘PATHWAY to LIFE’ that we have been working hard to activate (happy to remind you that training/trials have already started in Nottingham). Should any of you wish attend this highly educational seminar (£35 per place) please let me know asap as it is literally first come first served and hosted by the Belmont Hotel, just off London Road. Full details will be provided upon request.

\*\*\*\*\*

We have been honoured by being featured as the first in Rupal Rajanis (Radio Leicester) new blogspot about ‘Wobbly Walkers’ → <https://rupalrajani.blogspot.co.uk/2017/10/>

\*\*\*\*\*Laryngectomy monitor\*\*\*\*\*

And here it is folks: this is the ‘beast’ requested by the Kinmonth Ward and at just over £3,000 it is not cheap but it is exactly what our laryngectomy ‘A-Team’ need on the ward – and we have ordered up all the necessary cabling & connections so that the monitor is fully functional. Coming back from surgery(?) you’ll be popped straight on to this machine: full monitoring!

**Christmas** time is looming so it’s an ideal time to ‘get with’ our [Amazon Tidal Wave](#) – and

all you have to do is to [register with](#) and point all your donations at “20-20 Voice” Cancer from your shopping on [Amazon](#). You’d be amazed at just how quickly the pennies mount up (we got a lovely £16 donation from [Hoseasons](#) just for booking next year’s little holiday!) So, for all those shopping for Christmas on Amazon, just think of how much you can earn [this charity](#)! It’s so easy folks & you can raise plenty for us to continue doing what we do best – buying the life-saving diagnostic equipment we so badly need!

**Christmas** time is looming and we need to get our Christmas ‘sweepstake’ into as many pubs/clubs as we can-the plan is very Simple: there are 45 numbered squares @ £2 and the winning square wins a “Gallon of Beer”. Our kindly host then takes the ‘beer money’ out of the money collected from the squares and sends us the remainder! If you know of a pub/club that would support/help us [please let me](#) know asap!

*Phil J*
