*******Hi all**, and we start the news with great news that a couple of our supporters have been looking to open up their own charity sites/pages for donations and we have found that the most uncomplicated way to do this is to simply set up an account on [MyDonate](#), set up your [personal page](#) & direct all donations to '**20-20 Voice**' Cancer (or put in our Charity No: 1156733) and all payments will automatically transfer to our charity bank account. This then means that people can donate on **YOUR** page & also claim the valuable **25% Gift Aid** on any donations applicable. Thank you, it all helps! 🙌

Last years Collection Tubs raised some **£744** so we are improving slowly and hopefully, this year, we will '*top the grand*' with our tubs. 🙏

And we have a great start as the Queens Head (Barwell) realises £22.36p.

Another superb effort from ur local chemist with £15.77

Our 20p savers, Mr & Mrs 'H' have starred again with another £18- Brillianto!

Saturday 14th (Grand national day) saw our Berkshire representative Dougie Lawson at the

Twyford-Tesco 'One-Stop-Shop' with his table of wares promoting Oral/Throat cancers – and he created a fair bit of interest I'm pleased to say! The wristbands raised £51.44 but there is better news to come as the **AWARENESS** factor was well & truly raised in the area! Well done Dougie! 😊😊😊

I checked our 'tubs charts' and realized that we hadn't emptied our **3 tubs** sitting in the **Fairfield** pub in South Wigston, so off we trotted and duly swapped all three. An hour later and we had counted up a fantastic **£78.27p** so off we go to the **Post Office** again tomorrow morning-laden with wedge! Our thanks go to 'mein hosts' Chris & Claire and, of course, all the customers at the **Fairfield** for their wonderful generosity.

Thanks to the industry of our Lincs rep, **Gary W**, we have received a very nice **£200** donation from [GAP Planthire](#) in Lincoln – thank you Gary, Tracy 🌹 and the team.

Now to another [successful](#) "Spring Meal Night" at the **Cuisine of India** in Wigston

where revellers, drank, ate heartily and applauded our impromptu singer-Alan! Shame that we had to turn people away who left it until the actual night to try and book but that simply shows how popular our meal nights are! Split equally between the 2 charities (“20-20 Voice” Cancer &

Coping-with-Cancer) the evening raised **£544.48p**, not bad at all so thank you everyone. I took the liberty of welcoming all attendees and explained a little bit about what “20-20 Voice” are trying to do as well as what **C-w-C** are doing and why we fit together so well and then, probably to most people’s

relief, handed over to our patron & host Mr Willie Thorne who was on form and his usual brilliant self! We were then treated to a 4-song Beatles medley by guitarist/singer Alan

(Maybe we’ll indulge Alan again....at the **Chef & Spice** in October!) 🍌 “20-20 Voice”

Cancer & **Coping-with-Cancer** working together is a shrewd move by both parties 🍌

Welcome to another new supporter, **Leo Thomson**, who is a bit of a fundraiser himself, up there in West Lothian, Scotland. **Leo** has already sent us a nice little cheque (£50) and has agreed to try and raise some funds for us by means of a Sports & Music quiz. Having set many a quiz in my time I know just how much effort it takes to put 50 fairly balanced questions together.....plus one or two brainteasers 😊. Good luck **Leo**, we await reports with great interest my friend.

Further south, things are going very nicely indeed as our “**Mark Aaron Charity Walk**”, being supported by **Chaucer Insurances Ltd & Embridge Consulting Ltd** has already passed the £5,000 mark (monies raised) and the teams are not due to start their march until 17th May & 18th May respectively! I can see this being a monster boost to this charity, giving us the ability to purchase another ‘FVR’ which of course will greatly enhance ED (early diagnosis), which in turn will save lives & voices! After all, who really wants to be a Dalek!!! (Me please sir!)

Our ‘Man in Havana’ (Reading actually) has just requested two more collection tubs and it now looks that we are gaining a firm foothold in the Berkshire area (especially with a certain TESCO store) – and that’s what we need folks, our name, our tubs, our wristbands all over this country! Keep up the good work Dougie & Adele, every placement is another step forward.

Now you may think this ‘early-doors’ as we are advertising the night at the fabulous **Chef & Spice** on **Tuesday, Oct 2nd**, but we’ve had enquiries already and I do know that our Dentists will be putting a team together as will the Kinmonth Ward again. Now I also know that our printers will be booking a table too so a nice few seats, of the 150 available, have already been snapped up! Don’t be late folks because once they have gone...they’ve gone! Tickets available from: admin@2020voicecancer.org

or info@c-w-c.org.uk
