Sept: 2018

Greetings all, great news from our newest C/Tub hosts, the **Newfoundpool WMC**, long established on the Beatrice Road in Leicester. We swapped their tub over today and counted a colossal **£68.17p** – and that is definitely a **new record** so well done all at the club!

We also swapped the tub at our local **Duncan Rd Club** and they produced another fine amount of **£28.70p**. Well done all at the club and please keep up the good work!

A reminder for you folks as we increase our number on  where **YOU** can earn pennies/pounds for us just by shopping on Amazon, through **Easyfundraising.org.uk**

Chris Hughes had his own MyDonate page to invite donations for his Nottingham 5K FunRun which closed today (1st Aug). Supporters raised a magnificent **£360**: well done Chris and a **"20-20 Voice" Cancer** certificate is on its way to Chris this very day. (more to come) 😊

And an email has just confirmed that **ATOS Medical** raised **£387.50** at the Nottingham FunRun on the 22nd – all good stuff and it means we can help more & more larys out 🙌

And further good news is that **Gary W**, our Lincs rep, raised **£550** which is fantastic, thus giving us a grand total of **£1297.50** for 'a little walk' around a beautiful Country Park!

And, in the weirdest 50th birthday celebration known to man (or woman) our fearless Trustee, **Hayley**, decided that being with the birds was a 'life's ambition'. So, her 'intended' decided to throw down the gauntlet and booked her in for a parachute jump at Sibson, nr Peterborough – she loved it and actually squealed with

delight as the family set off on the 40+ mile drive to the aerodrome. 13,000-14,000ft up does absolutely nothing for me but **Hayley** was in her element and, strapped to a hunky, hairy skydiving expert, gloried in plummeting to earth. Happily both landed safely and not only was a life's ambition realised but Hayley raised around **£500** for this charity! **BigBird + BigBucks!** 😊 Thank you so much **Hayley** – you raving lunatic! 😊

Nice bit of news from 'Grandad' who has now got to grips with his new Omron Mini-Nebuliser and I'm told that he is now fully armed with a plethora of Duracel AA batteries! Just another satisfied customer/happy lary for "*Helping Hands*"! 😊😊😊

Let us not forget Tues, Oct 2nd which is **Chef & Spice** night. We have 150 seats to fill so get your tickets early and make sure your seat is booked. Parties of 10-12 welcome. We will be joined by **Coping-with-Cancer** so we are expecting a 'full house' this year. The evening will be opened by yours truly but hosted by our dedicated Patron Mr Willie Thorne.

We have a 7-tier raffle lined up (tickets £1 per strip and also a new game known as "**Stand-up-Bingo**" where the aim is **NOT** to cross any numbers off your Bingo Card!

Last man/girl standing wins the fabulous prize on offer. (Bingo Cards are £3 each or two for a fiver [£5]). It's great fun – even when the legs start to get tired 😊 Book your tickets with Phil (by return post) at admin@2020voicecancer.org or carl.walter@c-w-c.org.uk and remember it's only **£15** per head with 60% coming back to the charity.....so let's fill the place this year folks!

Now here's one for you all to contemplate! (info arrived Tuesday 21st Aug): Mid September time we are to meet with 'Caroline P' and some NHS 'bigwigs' to discuss our "Pathway to Life**" scenario, whereby we bring diagnosis forward by as much as 15months!**

We are on the way up folks 😊.

And a quick whip round the county produced: **The Fox Inn** £4.08... **The Unicorn** £6.98... **"Chill Out" Café** £3.70... **Chequers Country Inn**... £17.90...well done all, every penny helps!

Many of you will have received/will receive a fat little envelope with 10 of our "Face Facts" tri-folds inside. We are simply asking you to pass 5 of these onto your local Dr & another 5 to your local Dentist as part of our **AWARENESS** campaign. If they like them and want more then we have attached a business card, for contact purposes, to each set of 5 leaflets. It is important that we get Drs & Dentists onboard as Oral/Throat cancers are becoming a major threat to health! Thank you all for your help 🙏.

And we end this month as we did last month.....with some Stella News. We are now actually getting our "**Face Facts**" *tri-fold* leaflets into Dentists waiting rooms, and, with some of them, our Collection Tubs The "**Face Facts**" *tri-fold* is very important if you want to do your utmost to try to avoid Oral/Throat cancers of any description. This is all part of our **AWARENESS** programme! Can you get our *tri-folds* into your Dentist?

Remember to book your "All you can Eat" tickets for Tuesday, October 2nd admin@2020voicecancer.org
