Aug: 2019

Welcome to August, the month renowned for sunshine, sand & sea-enjoy your hols! Talking of hols, the boss & I managed 3 nights away in Kings Lynn where the great 'chill out' took place. We nipped over to Hunstanton to see our friends at [Searles Holiday Park](#) and retrieved our C/Tub which contained **£15.00p**, well done [Searles](#) for helping us out again 🙏. ...We are the '[Jar on the Bar](#)' at the [Two Steeples](#) pub during the month of September and we have a quiz night at the end of the month so we'd better get a decent team together!And the good news just keeps on coming in folks as Jo Ann (our Kent area representative) has informed us that her 'Coyotes' Lacrosse team have donated **£150** to this charity – a fantastically generous offer for which we thank them most gracefully 🙏.Great news as we purchase another Tru-Tone Electro Larynx for a 'lary in need' and may I say that this charity is doing exactly what it set out to do AND we still have a major goal in sight. It is only thanks to all of you, out there, that we have the funds to hand to achieve this. Thank you all so much for your support.

..... And now onto our **BIG MEAL NIGHT** on **October 1st** @the fabulous **Chef & Spice**. Please remember to book your seats early so that we can advise the restaurant of numbers arriving. The cost this year is £16 with £1 of that fee going straight to the 'Syed Foundation' which is the charity set up by Syed Rahman himself for a very, very good cause. Syed is hoping to raise **£15,000** per annum through his restaurants and I certainly don't see why he should fail that target with all the customers he attracts. Carry on the great work Syed.

Syed was interviewed by ITV News about his charity nights – [have a listen!](#)

Collection from our friends at the **Fox & Tiger** (Blaby) as their tub was exchanged today (9th) and a count up revealed **£21.85p** – well done all, it all helps 🙏.

And we had a fabulous return on our tub sitting in the [Newfoundpool Club](#) as the count up revealed **£118.47** and that is a new record for our tubs folks. Well done to all the frequenters of that noble establishment and long may it prosper 🙏.

May I introduce you to a much welcomed addition to our board of Trustees: **Susanna Steptoe**. Susanna is just the bright light we need to further this charity and gain the much needed AWARENESS. Susanna is a teacher, very intelligent and will set her mind to a task if need be. I am delighted that she has decided to join us as this will ensure we move onto the next level. We are going places folks! 🙏

Now THIS what we are talking about when it comes to **AWARENESS** folks. Our boys & girls at the Saffron Road Dental Surgery (led by Mr Duncan Ralston himself) are going to Hyde Park in London, mob handed and taking on this walk to not only create **AWARENESS** but to raise funds for this charity. Of course, we shall furnish each of the **78** walkers with a T-shirt & wristband so that we get our name about down there in the 'smoke'. I shall also design a sponsorship sheet for each of the entrants so that they can have a bit of friendly rivalry with 'who gets the most sponsorship'. Needless to say our Trustees, ever grateful as they are, instantly agreed on **£25** shopping voucher for the winner – get sponsor hunting guys!

As you know **AWARENESS** is the most important issue for our type of cancer and, as such, the lack of **AWARENESS** leaves us out in the cold for much of the time so this is a marvelous opportunity to get our name & what we do into the mainstream.

Our girls in the Nottingham 5K, **Mia, Hannah & Stevie-Lei** – thank you and well done girls. Mia's mum has had a bit of a torrid time of late as lots of niggling problems have occurred since her 'big op' a few months ago but as I told Mia on many occasions "*we are all different and seldom tread an exact path!*" Things are now on the up thank goodness. Well done girls & thank you xxx

And our thanks to **Jane & Phoebe** representing **ATOS & Countrywide Supplies**. Thank you both and good luck in your new job Jane x

....and a big thank you to all those who donated to the charity regarding this fundraiser 🙏

...and ever onward we march as (ribs permitting) we took ourselves off to the **Fairfield Pub** for Sunday dinner and fully enjoyed a sumptuous repast! Superb simply does not cover it – and even managed a chunk of lemon merange 'pudding' with cream! We also took 3 tubs to replace those already in situ and, after much counting & bagging we amassed **£76.48** – a goodly total indeed. Congratulations to all donors in the Fairfield pub – many thanks to you all.

Our hospitals chipped in with **Smartie Saver** monies, **Wristband** sales and a **donation** from the Kinmonth ward of £47! Not a bad ending to the month that saw us endure a heatwave. Larys must remember to drink plenty and stay in the cool, in such times.

Phil J
